

The Mark of The Beast

Part 2

Space Invaders

“The heaven is My throne, and the earth My footstool; what house will ye build to Me? saith the Lord, or what is the place of My rest? hath not My hand made all these things?”

Act 7:48-50

“The heavens—the heavens are Jehovah's, And the earth He hath given to sons of men...”

Psa 115:16

“I made earth, and man on it prepared, I—My hands stretched out the heavens, And all their host I have commanded.”

Isa 45:12

The scriptures are clear:

The heavens belong to God.

Only the earth was given to man.

“Thus said God, Jehovah, preparing The
heavens, and stretching them out, Spreading out
the earth and its productions, Giving breath to
the people on it, And spirit to those walking in
it.”

Isa 42:5

“Bless, O my soul, Jehovah! Jehovah, my God,
Thou hast been very great, Honour and majesty
Thou hast put on. Covering himself with light as
a garment, **Stretching out the heavens as a
curtain**, Who is laying the beam of His upper
chambers in the waters, Who is making thick
clouds His chariot, Who is walking on wings of
wind,”

Psa 104:1-3

One area where the symbolism is especially prevalent is in **space flight** or rocketry.

When one understands that it is a spirit of pride which 'lifts up' or 'exalts', this makes perfect sense.

The objective is one of taking men up into a sphere which is completely unnatural to them...but quite natural to God.

This can be shown by looking at what the world has to say about space-flight and its objectives.

For example, space travel is cast as a medium of cooperation that can result in 'world peace' through its 'transcendent point of view':

“Peace on Earth”?

NEW YORK (September 26, 2018) — A High-Level event, "**Space2030**: Space as a Driver for Peace," was held yesterday on the side-lines of the 73rd Session of the UN General Assembly during the High-Level Segment. Convening partners United Nations Office for Outer Space Affairs, United Nations Office for Partnerships and Space Trust engaged **world leaders** on a **global platform** to highlight the importance of **utilizing space** as a driver for **peace** and sustainable development **on Earth**, as a driver for innovative space diplomacy and as the New Frontier for **Peace on Earth**."

“Peace on Earth”

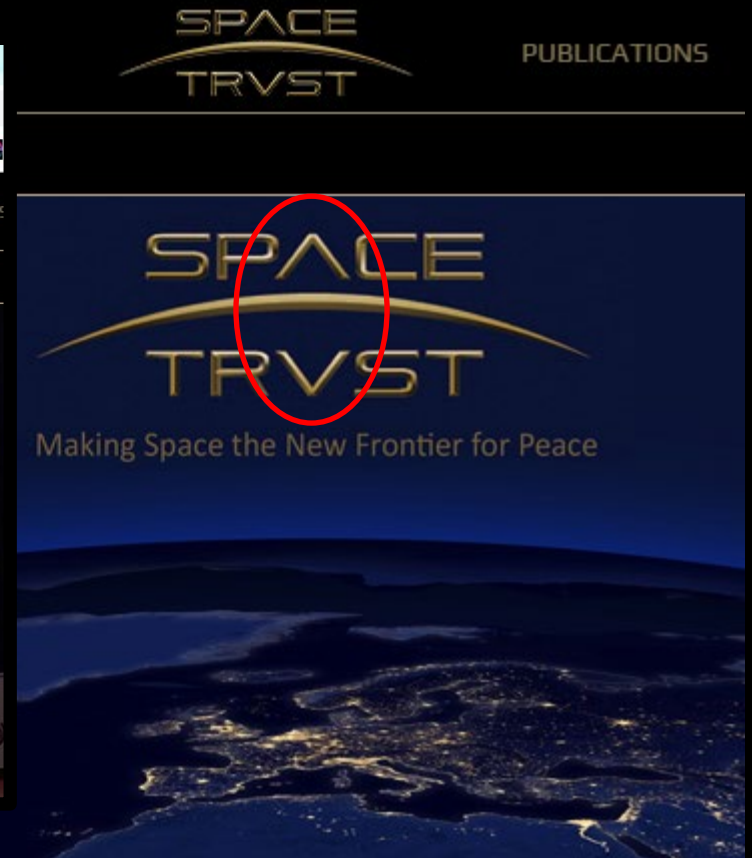

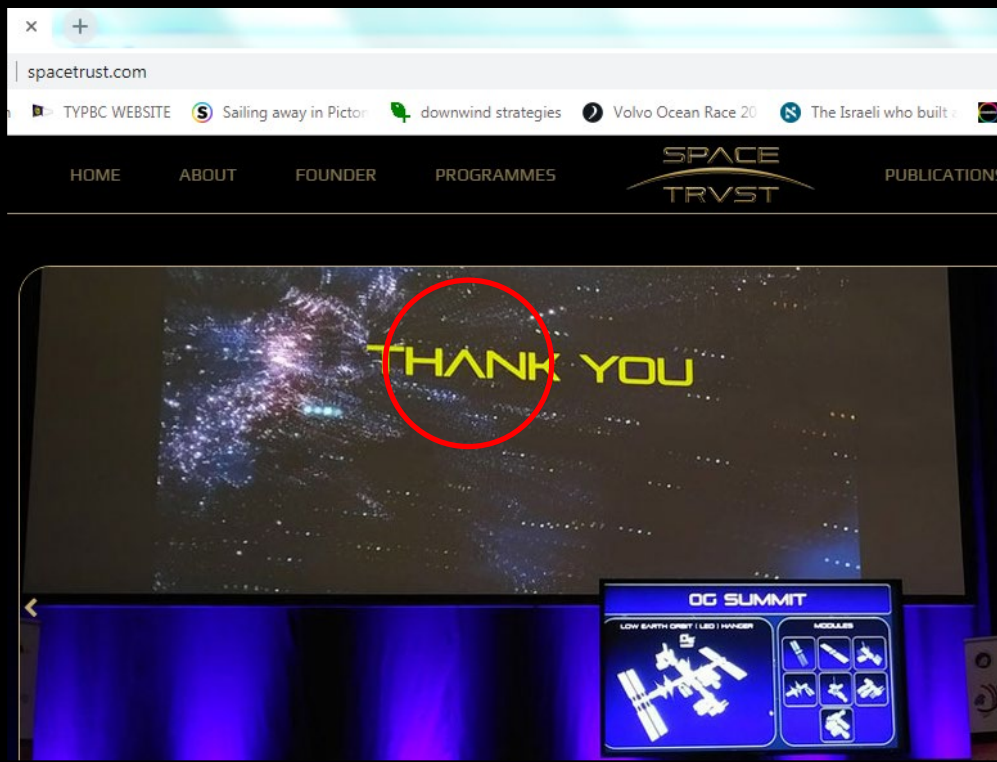

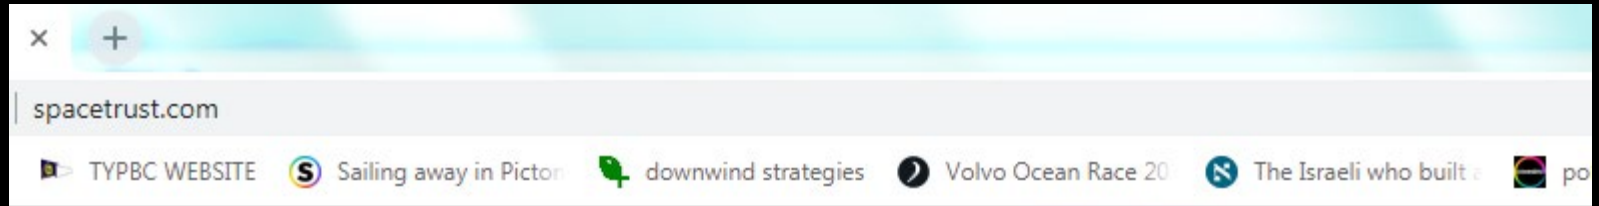

Now, *where* have I heard that before?

Peace on Earth...Glory TO GOD in the Highest!

“And suddenly there came with the messenger a multitude of the heavenly host, praising God, and saying, ‘Glory in the highest to God, and upon earth peace, among men--good will.’ “

Luke 2:13-14

Space: New Frontier for 'Peace'

Circling the globe in the following image you will find the statement:

“Space trust champions **world peace** through novel space themed initiatives.”

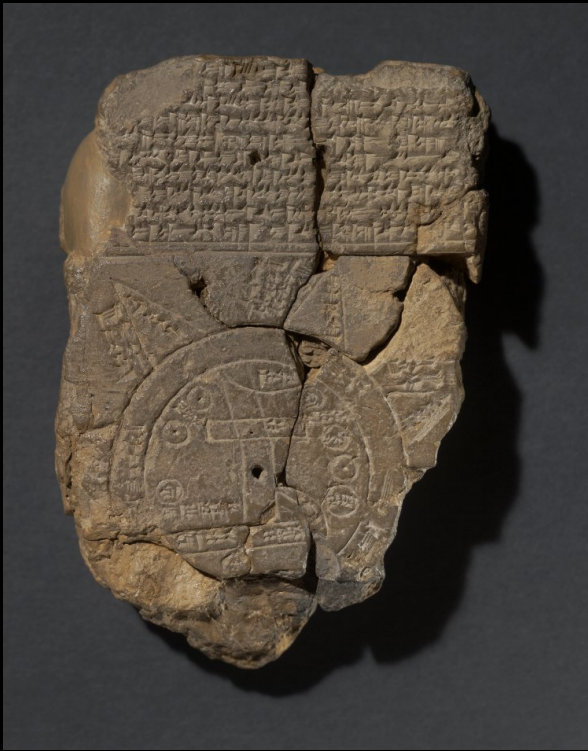

<http://spacetrust.com/wp-content/uploads/2018/09/Press-Release-PDF-Photos-Space2030-Space-as-a-Driver-for-Peace.pdf>

“The exhibit provided the audience with a **fully immersive** experience into the "Overview Effect," the view of Earth from space, which **transcends** national boundaries, to capture the powerful emotion of human spaceflight — one that **creates a paradigm shift** for all astronauts.

Of course *Jesus Christ Himself* is the source of
Peace on Earth...not a 'transcendent
perspective' of the earth from space!

Yet a 'god-like
perspective' is
exactly how
one author
describes this
ancient
Babylonian
'map of the
world':

The Babylonian Map of the World

the British Museum

“...a god-like perspective on earthly creation...”

"It comprehends the earth by categorizing it in circles, triangles, oblongs and dots, unifying in writing and image in a world picture at the centre of which lies Babylon. More than eight millennia before the dream of looking at the earth from deep space became a reality, the Babylonian world map offers its viewers the chance to look down on the world from above, and adopt a god-like perspective on earthly creation." Page 3

This 'categorizing' of the earth 'in circles, triangles, oblongs, and dots' is of course a prevalent theme in today's high-technology, space-based communication architectures:

“...triangles...dots...at the
centre...Babylon”

“...elevates them like gods...”

"But if such a perspective literally centres individuals, it also **elevates** them **like gods**, inviting them to **take flight** and look down upon the earth from a **divine viewpoint**, **surveying the whole world in one look**, calmly detached, gazing upon what can only be imagined by earthbound **mortals**."

Excerpt from "A history of the world in twelve maps"
Jerry Brotton, Copyright 2012

And this is the central idea being communicated: man, by virtue of his ascent to space, has positioned himself as a god.

This assertion should remind of another scripture. Let it sink in:

“let not any one deceive you in any manner,
because—if the falling away may not come first,
and the man of sin be revealed—the son of the
destruction, who is opposing and is **raising himself
up above all** called God or worshipped, so that he **in
the sanctuary of God as God hath sat down,
shewing himself off that he is God**— the day doth
not come.”

2Th 2:3-4

The *heavens* are the sanctuary of God.

Thus this scripture SPECIFICALLY associates the **Man of Sin** with **spaceflight**...man's penetration of God's domain, high above all earthly dominions.

“The heavens are recounting the honour of God, And the work of His hands The expanse is declaring. Day to day uttereth speech, And night to night sheweth knowledge. There is no speech, and there are no words. Their voice hath not been heard. Into all the earth hath their line gone forth, And to the end of the world their sayings, For the sun He placed a tent in them, And he, as a bridegroom, goeth out from his covering, He rejoiceth as a mighty one To run the path. From the end of the heavens is his going out, And his revolution is unto their ends, And nothing is hid from his heat.”

Psa 19:1-6

So then let's look at how the 'space industry' markets itself.

In 2019, the world celebrated the first Apollo lunar mission's 50th anniversary.

Note its logo:

NASA's Project Apollo logo was adopted in 1965 based on design input from its employees and contractors.

Among the festivities was the projection of an image of the rocket onto the Washington Monument in D.C.:

This projection clearly demonstrates that rockets
are phallus symbols in their own right:

So it is not surprising to find the ‘prick’ incorporated in many industry logos; it is imagining ‘earth’ penetrating ‘heaven’:

This is the inverted Satanic lie:

Heaven - female

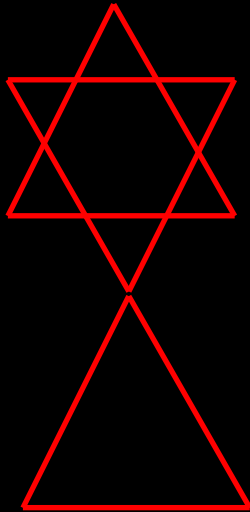

Earth – male

This symbol, then, 'earth has penetrated
heaven'.

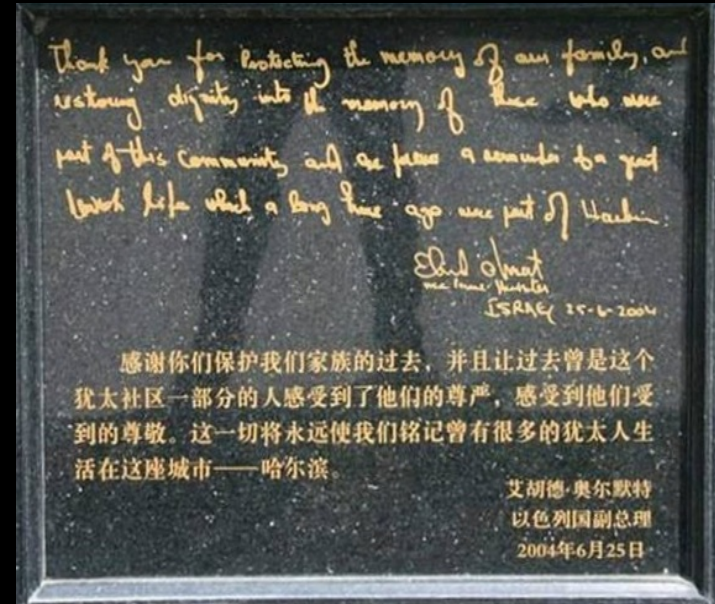

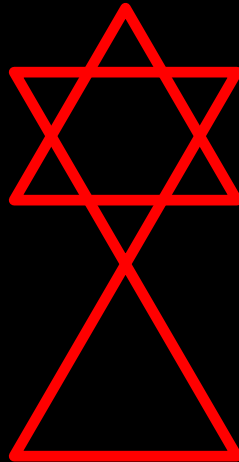

It declares “**Man is God.**”

So what does *this* mean?

This is the boast of Antichrist enthroned on Mt Zion:

Erected by Ehud Olmert in Harbin, China 25 June 2004

And of course if man is 'God', then man should have 'god-like' abilities.

Which gets us to Part 3.
